

2007 CHRYSLER

# ASPEN

Aspen Limited in Brilliant Black Crystal Pearl

Unmatched performance and elegant styling are two unmistakable attributes of the new Chrysler Aspen. The standard 5.7-litre HEMI® V8 engine with Multi-Displacement System efficiently offers 335 horsepower and 370 lb-ft of torque. The available vent, tilt, and slide power sunroof offers a large 841x531-mm (33.1x20.9-inch) opening overhead. Inside, it is easy to notice Aspen's abundant amenities, such as the sleekly designed door trim panels and interior LED lighting.

# ASPEN

is proof that opposites truly attract. It is indulgent, yet sensible. It is lavish, but still very practical. Aspen allows you to enjoy the more elaborate features and technological advancements of luxury SUVs without the guilt. How? Aspen offers so much more for less. For those who crave power, Aspen indulges with best-in-class\* horsepower and torque from the standard 5.7-litre HEMI® V8 engine with the Multi-Displacement System (MDS). MDS helps the HEMI engine improve its fuel economy by seamlessly deactivating four of the eight cylinders at cruising speeds when full power is not required. Inside, Aspen is spacious and versatile with multiple seating and cargo configurations. The second and third row seats feature ample leg, shoulder, and hip room and conveniently fold flat. No matter where you want to go or what you choose to do, Aspen is ready when you are.

\*Based on 2006 *Automotive News* Upper Mid-Range Sport Utility classification. When properly equipped.

Aspen Limited interior in Light Greystone

From its Madrona Burl accents and Satin Silver trim to its high-tech instrument panel, the Aspen interior was designed to be nothing short of commanding. An available GPS navigation system\* with a 5.8-inch colour screen takes the guesswork out of trips to unfamiliar territory. The cabin mood can be brilliantly set with a standard AM/FM radio with an integrated six-disc CD changer with MP3 compatibility. Convenience was further enhanced by integrating CD and radio controls into Aspen's steering wheel.

\*Navigation system operates only in certain metropolitan areas. See your retailer for details.

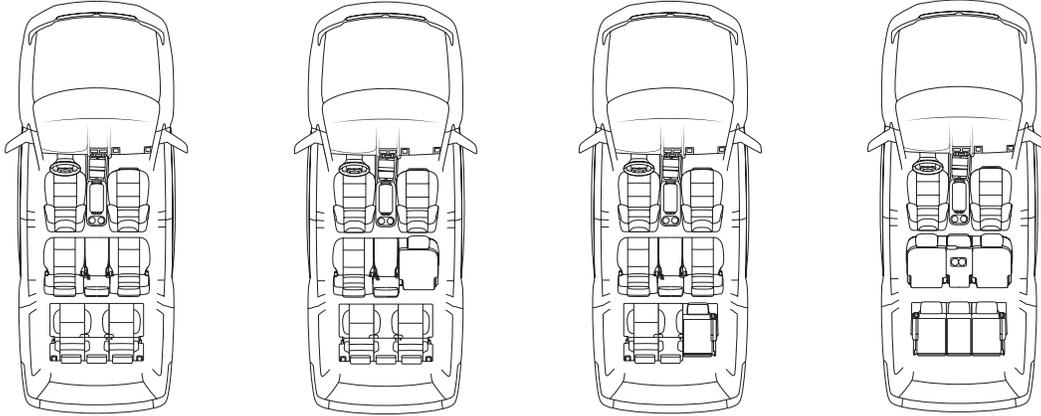

Aspen Limited's available seven-passenger interior in Light Greystone leather with Preferred Suede™ Microfibre inserts (first and second rows)

Combine Aspen's standard leather-faced seating (first and second-rows) with its standard Alpine® Premium Sound System II, and you have a cabin that invites guests to simply sit back and relax. With the third row folded down, even your cargo will find itself in the most accommodating of environments. Overall, its interior feels more like a luxury suite. Comfortable accommodations. Exclusive entertainment. Unobstructed views. Hopefully, your destination can compare to the ride.

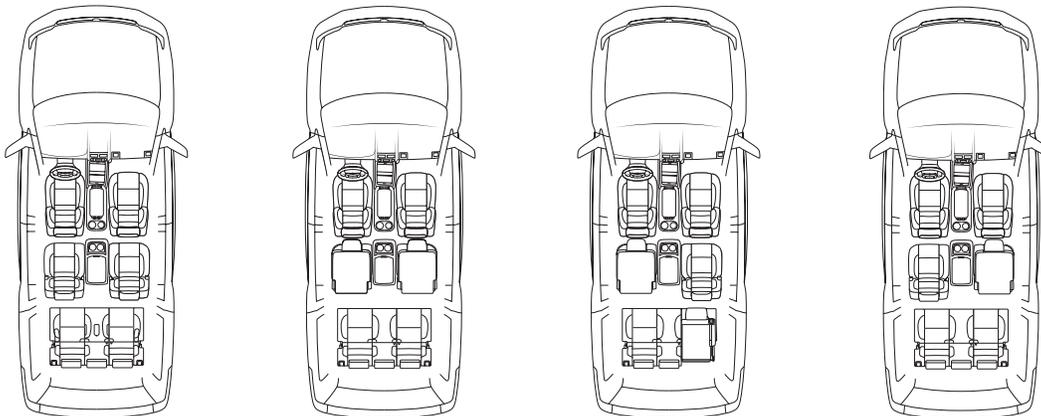

# EIGHT PASSENGER

bench seating. 40/20/40-split folding bench seating in the second row and 60/40-split folding bench seating in the third row.

# SEVEN PASSENGER

bucket seating. Another seating option offers two bucket seats in the second row and 60/40-split folding bench seating in the third row.

Personalization is the key to comfort. With three rows of seating, Aspen can carry up to eight passengers in supreme comfort. Its easily folded second and third rows allow lengthy items, such as skis and bikes, to be carried with absolute ease. Equip Aspen with available second row bucket seating and passengers can enjoy captain-chair comfort and available heated seats. Not only does Aspen provide more cargo room behind the second row of seats than any other vehicle in its class,\* it features an interior that is in a class all its own.

\*Based on 2006 *Automotive News* Upper Mid-Range Sport Utility classification.

# MEANINGFUL FEATURES

An SUV is not doing its job well if it does not indulge you a little. With so many features available, Aspen simply requires that you enjoy the moment and allow this SUV to do most of the work.

- ▶ **Electronic Vehicle Information Centre (EVIC).** An overhead console is standard on Aspen. It includes swivel adjustable map/courtesy LED lighting. The standard console also features a fully integrated EVIC with 21 programmable options. It includes a compass, a mini trip computer, a three-channel HomeLink® Universal Transceiver,\* temperature and fuel read outs, and provision for the standard power liftgate and available power sunroof switches.
- ▶ **SIRIUS™ Satellite Radio\*\*** delivers 110 channels – music, sports, news, talk, entertainment and more. One-year subscription included when factory-installed.
- ▶ **UConnect™†.** Do not let yourself be distracted by cell phone calls. UConnect is an in-vehicle, hands-free, voice-activated communication system that allows you to talk through your Bluetooth™ compatible mobile phone while keeping both hands on the wheel.
- ▶ **Remote Start.** It takes little effort to heat or cool your Aspen before you get inside. A Remote Start system is available, allowing the vehicle to start from up to 91 metres (300 feet) away by pressing a button combination on your key fob.

The standard **power liftgate** can be remotely operated with the key fob. The optional rear seat **Video Entertainment System™** will play audio CDs and MP3 or video DVDs. The plug-in jacks will even allow you to show video directly from a video camera, play video games or play music from your MP3 player. The standard **rear temperature control** will keep passengers comfortable during the show. A 115-volt auxiliary two-pronged plug ensures that there is always plenty of available power to charge cell phones and such.

\*Not compatible with all garage door openers. See your retailer for details. \*\*Late availability. †Must use Bluetooth compatible mobile phone.

**SAFETY** When it comes to your safety, Chrysler Aspen has the protective instincts of a bodyguard. With its front frame rail tips and the surrounding protection of its safety cage construction, Aspen also includes some of the most advanced technology available to help protect its most precious cargo – you and your passengers.

- All models include **advanced multistage driver and front passenger air bags**.<sup>\*</sup> With split-second decisions, Aspen makes immediate adjustments to its air bag deployment, inflating with a force that is appropriate to the severity of the impact.
- **Side Occupant Protection System**. A standard feature that includes side-curtain air bags<sup>\*</sup> that cover all three rows. It uses a roll detection system that deploys in certain rollover scenarios and side impact events, utilizing multiple sensors to determine the severity of the impact.

<sup>\*</sup>Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight.

Aspen Limited in Light Khaki Metallic

**SECURITY** Often the only thing that keeps you from avoiding hazardous situations is quick thinking. Aspen gives you peace of mind, because its advanced technology thinks well ahead of you to help navigate through potential dangers.

- ▶ **ParkSense™ Rear Park Assist System.**<sup>†</sup> Standard ParkSense gives audio and visual warnings to assist you when you're in Reverse during parking manoeuvres to avoid most large stationary objects.
- ▶ **Electronic Stability Program (ESP™).**<sup>†</sup> All of the features that comprise ESP — Brake Assist, all speed traction control, **Electronic Roll Mitigation (ERM) and Trailer Sway Control (TSC)** — constantly monitor the driver's input against the vehicle's actual course and, if needed, attempts to correct the vehicle's course by automatically applying the brake and/or reducing engine torque. Meanwhile, the ERM system estimates the potential for wheel lift. If necessary, the engine power is reduced and appropriate braking is applied to help stabilize the vehicle.

<sup>†</sup>Intended to provide assistance to the driver. Always exercise appropriate care while reversing. <sup>†</sup>No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the instrument cluster flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.

# PERFORMANCE

It should come as no surprise that the vehicle with the most powerful engine in its class\* has also earned honours for best-in-class\* towing. When it comes to hauling, Aspen delivers unrivalled confidence. Its Electronic Stability Program (ESP™)† and Trailer Sway Control (TSC) help make the move smoother. Its smooth ride quality and steering response allows Aspen to provide the comfort and driveability of a small SUV with the capability of a larger SUV. Aspen has an independent front suspension with an isolated torsion bar crossmember which reduces road noise. Aspen's class\* unique link coil rear suspension and Watt's linkage help improve ride quality.

- **Best-In-Class\* Towing.** Maximum trailer towing capacity of 3969 kg (8750 lb)‡ with the standard 5.7-litre HEMI® V8 engine.
- **Maximum Payload.** Aspen provides a maximum Gross Vehicle Weight Rating (GVWR) of 3039 kg (6700 lb) and provide a maximum payload of up to 717 kg (1580 lb).

# POWER

With best-in-class\* horsepower and torque, you will discover Aspen is one able-bodied SUV. With unmatched capability and performance, the 5.7-litre HEMI V8 engine with Multi Displacement System outpowers all competitive models with best-in-class\* 335 horsepower and 370 lb-ft of torque.

- The 5.7-litre HEMI V8 with fuel saving **Multi-Displacement System (MDS)** uses advanced computer technology to automatically turn the HEMI V8 into a four-cylinder by deactivating selected cylinders in each bank at cruising speeds. When full power is needed, it seamlessly transitions back to a V8 in 40 milliseconds.

\*Based on 2006 *Automotive News* Upper Mid-Range Sport Utility classification. When properly equipped. †No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the instrument cluster flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt. ‡When properly equipped.

## SELECTED STANDARD AND OPTIONAL FEATURES

Limited

ENGINE/TRANSMISSION	
5.7L HEMI® V8 with Multi-Displacement System (MDS)/5-speed automatic	28J
MECHANICAL	
Active Turn Signals – Three blink lane change signal activated with a single tap	S
Alternator – 160-amp	S
Axle Ratio – 3.55:1	S
– 3.92:1	0
Battery – 750-amp, maintenance free with run-down protection	S
Brakes – Four-wheel disc anti-lock	S
Engine Block Heater	S
Remote Start System – Control integrated into key fob	0
Steering – Power rack and pinion	S
Suspension – Heavy-duty, independent front and solid rear axle with coil springs and Watt's linkage	S
Throttle – Electronically controlled	S
TIP Start – Quick start, prevents double starts, preserves battery, ignition and gear life	S
Transfer Case – Part-time all-wheel drive, two-speed with low range, electronic, shift-on-the-fly	S
EXTERIOR FEATURES	
Fascias – Front and rear, body colour with bright insert	S
Fog Lamps – Two integrated in front fascia	S
Glass – Laminated front and rear door <sup>(1)</sup>	S
Headlamps – Automatic	S
Licence Plate Brow – Bright	S
Liftgate – Power	S
Mirrors – Power, Black with bright cap, 6"x9", folding, heated, with memory and driver's auto-dimming	S
Moulding – Bodyside, bright	S
Roof Rack Side Rails – Body colour with stainless steel accents	S
Running Boards – Black	S
Sunroof – Power with one-touch open/close and vent feature	N/C
Tires – P265/50R20 BSW all-season	S
Wheels – 20"x8" chrome-clad cast aluminum	S
INTERIOR FEATURES	
Air Conditioning – Front automatic dual zone temperature control, rear with heater	S
Cargo Tie Down Loops – Two	S
Carpets – Floor and cargo area	S
Console – Overhead with HomeLink® Universal Transceiver <sup>(2)</sup> and Electronic Vehicle Information Centre (EVIC): compass, temperature, trip odometer, average fuel economy, distance to empty and elapsed time	S
– Floor with leather armrest (includes 12V auxiliary power outlet)	S
– Rear floor (included with second row bucket seats)	P
Door Trim Panel – Premium, with rear door map pockets, Satin Silver door pull handle and padded vinyl upper trim	S
Floor Mats – Premium carpet, front with Aspen logo and rear	0
Instrument Cluster – Includes speedometer, tachometer, coolant temperature and fuel gauge with Satin Silver accent rings	S
Instrument Panel Bezel – Madrona Burl woodgrain finish	S
Lamps – Front and rear aimable LED lamps	S
Memory System – Automatically recalls preset positions for driver's seat, radio, temperature controls, driver's exterior mirror and power adjustable pedals	S
Mirrors – Rear-view, auto-dimming	S
Pedals – Power adjustable with Memory System	S
Power Accessory – 115V auxiliary power outlet, located on back of centre console	S
Steering Wheel – Leather wrapped four-spoke with integrated speed and audio controls	S
Storage – Rear compartment tray	S
Sun Visors – Dual with illuminated vanity mirror and slide feature	S

**SEATING**

<b>Seats</b> – Leather-faced low-back bucket with Preferred Suede™ Microfibre inserts (first and second rows)	S
– Eight-way power driver's with memory and four-way power front passenger	S
– Heated front	S
– Heated second row (requires second row bucket seats)	N/C
– 40/20/40 Fold-and-Tumble™ second row bench with recline feature	S
– Bucket, two-passenger second row (includes rear floor console) (requires second row heated seats)	N/C
– 60/40-split bench third row, folds flat into rear cargo area with one hand operation	S

**ENTERTAINMENT SYSTEMS**

<b>Radio</b> – AM/FM radio with integrated six-disc CD changer and MP3 capability	S
– AM/FM radio with integrated six-disc CD changer and MP3 capability, integrated DVD-based GPS navigation system <sup>(3)</sup>	O
<b>Video Entertainment System™</b> – DVD system includes headliner mounted seven-inch screen, remote control, two wireless headsets, and faceplate audio and video input jacks	O
<b>SIRIUS™ Satellite Radio System<sup>(1)</sup></b> – includes one year subscription provided by SIRIUS	O
<b>Speakers</b> – Alpine® Premium Sound System II with eight speakers plus a subwoofer and 368 watts of power	S

They have been sculpted with style that sets them apart. Designed with technology that combines both intuition and innovation. Crafted with the most refined of comforts, they serve as evidence that the top of the line can be acquired while protecting the bottom one.

Welcome to CHRYSLER.

When we made the commitment to create the first Chrysler Full-Size SUV, our work was not dictated by a timetable, but by our desire to get it right. The result is the all new Chrysler Aspen – a vehicle that extends the boundaries of great design and engineering. Its superior ride and handling are sure to set new standards in SUV excellence. In addition, Aspen has earned the U.S. Government's ★★★★★ Five Star front impact crash test rating.\* And although Aspen is loaded with lavish features, it remains well within reach. It is, after all, a Chrysler, born of values that place equal emphasis on quality and accessibility. In that, each of our offerings provides further evidence of the kind of innovation that drivers everywhere have come to expect from

# THE VEHICLES OF CHRYSLER.

\*Based on U.S. Government's National Highway Traffic Safety Administration (NHTSA) Scoring System for 2007 Chrysler Aspen.

**Protection Package.** When it is a matter of obtaining the best – in storage, safety or style – you can have it all. **A. Rear Air Deflector.** Smoke-coloured deflector keeps your Aspen's rear window clear by directing a stream of air across it while the vehicle is moving. **Front Air Deflector.** Keep the bugs, dirt and road spray away from your hood and windshield with this stylish and shatter-resistant deflector. **Moulded Running Boards.** Stringent load and corrosion testing ensure our running boards maintain their fit, function and formidable style. **B. Rear-view Camera.<sup>(1)</sup>** Gain some added insight before backing up. The camera's 3½-inch diagonal screen shows a view of what is behind you and includes on-screen markers to help you determine your distance from an object. **C. Door Sill Guards.** Add plenty of door sill protection with a splash of panache. Guards come in a set of four and are elegantly embossed with the Aspen name. **D. Moulded Cargo Tray.\*** Add some interior protection against exterior forces trying to soil and stain your cargo carpet. Tray removes easily for cleaning and is available in matching interior colours. For further information on Authentic Chrysler Accessories by Mopar<sup>®</sup>, visit [mopar.ca](http://mopar.ca).

**E. Mopar Remote Start.** Hit the ground running with the ability to start your vehicle from up to 800 feet away. The system is designed to operate seamlessly with your vehicle's electronic system. A two-way remote start system is also available. **F. ParkSense™ Rear Park Assist System.**<sup>(1)</sup> Detecting nearby obstacles while backing up is no longer an obstacle. Advanced system uses sound waves and audio-visual indicators to manoeuvre in tight spaces at parking speeds. **G. UConnect™ Hands-Free Communication!**<sup>(2)</sup> This exclusive, voice-activated communication system allows you to dial your wireless phone through simple voice commands utilizing a Bluetooth™ Hands-Free Profile wireless phone. **H. iPod® Interface Module.** This FM-bounded system allows you to maintain your music selection through your iPod control button and play through your vehicle's speakers. **I. DVD Rear Seat Video™.** Watch your favourite movies from the best seats in the house. The integrated, single-disc CD/DVD features a 10-inch wide LCD screen, wireless headphones and remote. **J. Hitch Mount Bike Carriers.** These convenient carriers come in Two-Bike and Four-Bike (both fit 2-inch receiver) styles that fold down to allow for your vehicle's liftgate to open without having to remove bikes from the carrier. **K. Hitch Receiver!**<sup>(3)</sup> This Class IV Hitch Receiver features a 2-inch opening and a towing capacity of up to 3969 kg (8750 lb) with proper weight distributing equipment. Perfect for Aspen's best-in-class<sup>(4)</sup> tow rating. **Additional Authentic Chrysler Accessories by Mopar:** Canoe Carrier, Compartment Partition, Engine Block Heater, Hitch Locks, Locking Gas Cap, Wheel Locks.

<sup>(1)</sup>Intended to provide assistance to the driver. Always exercise appropriate care while reversing. <sup>(2)</sup>Must use Bluetooth™ compatible mobile phone. <sup>(3)</sup>Check Owner's Manual for hitch type, load capacity and heavy-duty equipment required. Do not exceed rated tow capacity of the vehicle as equipped. Towing may require some items not supplied by DaimlerChrysler. <sup>(4)</sup>Based on 2006 *Automotive News* Upper Mid-Range Sport Utility classification. When properly equipped. \*Properly secure all cargo.

Properly secure all cargo.

# THE AUTHENTIC DIFFERENCE

When you enhance your Aspen with an Authentic Chrysler Accessory by Mopar®, you gain far more than sophisticated style, premium protection, or engaging entertainment. You also benefit from the Authentic Difference found only in a Mopar accessory. It is a difference that you will recognize in the tighter tolerances and precision testing methods demanded of original equipment accessories. Most importantly, this Authentic Difference is inherent in every Authentic Chrysler Accessory by Mopar, whether it is pre-equipped on your new vehicle or ordered as one of the premium accessories listed in this section. Whichever Authentic Chrysler Accessories by Mopar you choose, you'll enjoy the perfect fit for your lifestyle.

The **Chrome Accent Package** is the perfect accompaniment to a brilliant design. It is nicely balanced with a **Chrome Front Air Deflector** that deflects bugs and debris up and away from your vehicle's windshield and a **Chrome Fuel Filler Door** that makes even the occasional task of filling up your Aspen a personal expression of style.
