ACCESSORIES

MOPAR. FOR LIFE

The Mopar® name has long been emblazoned on race cars greeted by checkered flags, on boxes left over from a weekend of wrenching and on shirts belonging to the masters of your make and model. Its rich history is born not just of parts but of lifelong connections made at those tracks, garages and service bays. Mopar is with you the moment you get your new keys and for every kilometre thereafter. It helps you make your ride your own with accessories of every kind. It assures you with expert maintenance, made-for-your-model parts and Mopar Vehicle Protection®.

Vehicle on cover features C-Stripe Graphic, Shaker Hood Package and 20-Inch Lightweight Race Wheels.

THIS IS WHERE IT GETS PERSONAL

A

A. T/A HOOD. It's a classic throwback designed to move you forward. The hood with functional integrated scoop is designed to replace the production hood and adds a touch of racing heritage to your Challenger's aggressive stance. Turn heads as you turn corners. Hood scoop comes in Matte Black and hood comes in a primed finish — but you can paint it for your own customized statement.

HOOD VENTING SYSTEM. Works in powerful collaboration with the T/A hood, directing air into the engine system for a decided boost in propulsion, and to make Challenger even more formidable. Two versions of the system are available. The system shown near right is for 2011 – 2016 model-year vehicles equipped with Cold Air Intake Kit 77072361. The system shown far right is for 2011 – 2015 model-year vehicles equipped with Cold Air Intake Kit 77070044AC. Each variation of the system includes hood scoop bezels, venting components and fasteners, requires a Cold Air Intake Kit (sold separately) and is available for 5.7L engines only.

GRAPHIC ACCENTS. Mopar® offers a variety of decal graphics to personalize your Challenger and express your individuality. These graphics are designed and tested specifically for your vehicle and made of fade- and weather-resistant 3M™ vinyl, including a layer of laminate to protect the graphic and your vehicle. A variety of designs are available for the bodyside, roof, hood and decklid.

EXUDE EXTRA ATTITUDE

A, B. HOOD PIN KIT. This authentic touch gives you instant street cred — and gives your Challenger a distinctive muscle-car appearance. Constructed of no-scratch PVC-coated lanyards and clips of marine-grade stainless steel, with Black or Chrome hood pin plates that feature the Mopar® identity.

C. PISTOL GRIP SHIFT HANDLE.[1] Add some throwback to your get-up-and-go with this secure, stylish and totally authoritative Pistol Grip Shift Handle. Shifter features the Mopar logo; for manual transmissions only.

D. LOWERING SPRINGS KIT.[1] Embrace your inner street driver and raise your pulse by lowering your suspension. This kit delivers a measurable drop and cuts body roll for crisp handling, tight cornering and faster response. Four coil springs are included.

E. BRIGHT PEDAL KIT. Stainless steel pedal covers add plenty of bold brightwork to your footwell. Rubber on pedals provides contrast to the performance look, as well as plenty of positive traction. No drilling required.

F. BLACK CHROME GRILLE SURROUND. Give your Challenger's front end a unique and custom look. This custom Black Chrome Grille Surround enhances your vehicle's aesthetic appeal, providing greater contrast and enhancing the appearance of depth and design texture.

MOPAR CENTRE CAP

MOPAR CENTRE CAPS. Add the finishing touch to your distinctive wheels with chromed centre caps featuring the Mopar® logo. Put them on your wheels and cruise in style.

WHEEL LOCKS (NOT SHOWN). Includes four new lug nuts and a special-fitting key to help offer maximum wheel- and tire-theft protection.

HEMI® ENGINE COVER. This HEMI® Engine Cover in HEMI Orange colour lets you display in a not-so-subtle way that, "Yeah, it's got a HEMI engine." Only available for the 5.7L HEMI V8 engine. Check provincial and local restrictions on installation and use. Also available in Carbon Fibre design.

COLD AIR INTAKE KIT.[1] This kit helps provide horsepower and torque gains under varying atmospheric conditions. With an aggressive sound, this intake provides performance you can hear and feel. The Cold Air Intake Kit includes all necessary mounting hardware and a filter.

STRUT TOWER BRACE.[1] Give your vehicle suspension improved handling, braking, chassis rigidity and under-the-hood style with this Strut Tower Brace. The impressive and cost-effective upgrade is a brace between the two strut towers that minimizes flex during hard cornering and braking. Shown with optional Shock Tower Caps, sold separately.

ANTISWAY BARS.[1] For those who'd rather leave the rock and roll to the stereo, these bars help resist body roll motion. Allowing less side-to-side lean in turns, they will help you enjoy better handling and control on the road.

PERFORMANCE SUSPENSION KIT.[1] This premium Suspension Kit features exclusive, new stainless steel INOX technology. The thread design and aluminum spring perches allow for easy adjustment of your vehicle's height according to your exact specifications, and ensure that little to no wear occurs, even after years of the strongest weather influences.

REAR STRUT TOWER BRACE.[1] Improve your Challenger's handling and responsiveness while reducing chassis flex. The Rear Strut Tower Brace is true performance you can feel. Powder-coated Grey and features the Mopar® logo.

CAT-BACK EXHAUST SYSTEM.[1] Our performance Cat-Back Exhaust System features T304 stainless steel construction with mandrel-bent tubing and stainless band clamps. This free-flow system helps to provide horsepower and torque gains and a deeper tone, and to improve fuel efficiency. System is compatible with vehicle's original-equipment exhaust tips.

SIDE-EXIT EXHAUST ADAPTER.[1] Fine-tune your exhaust by adding this Side-Exit Exhaust Adapter Kit. The result is a throaty, deeper tone that's louder and more aggressive sounding when kicking up the horsepower and torque. The kit contains two adapter pipes (left and right) with welded flanges to accept customer-supplied side-exit exhaust pipes and tips. For use with Mopar Cat-Back Exhaust System.

TECHNOLOGY YOU CAN'T PASS UP

MOPAR® PHONE.[1] It helps simplify driving by letting you keep your eyes on the road and your hands on the wheel. Mopar® Phone is an in-vehicle, voice-activated communication system that allows you to talk on your Bluetooth®-compatible phone virtually hands-free.[1] Call contacts in your phone's address book[2] just by saying their name.

ELECTRONIC VEHICLE TRACKING SYSTEM (EVTS). It's a fact: time is of the essence when it comes to stolen vehicle recovery. The Mopar EVTS, powered by Guidepoint,[3] utilizes a nationwide GPS tracking system that not only works 24/7 to keep track of your vehicle, but also helps recover your vehicle in the event of a theft. Optional upgrade plans include Emergency Service Dispatch, Security Fence, Arrival/Departure Notification, Excessive Speed Notification, Trace Maps of Past Locations and much more. Features such as setting speed and distance parameters with text alerts, unlimited online tracking and full concierge service are also offered.

ADDITIONAL ACCESSORIES: Engine Block Heater, Indoor Vehicle Dust Cover, Locking Gas Cap, Master Shield® Vehicle Protection Products, Mopar Performance Badge, Premium Vehicle-Care Products and Trailering Accessories.

REMOTE START.[4] Hit the ground running with the ability to start your vehicle from a distance with the touch of a button. The system operates seamlessly with your vehicle's factory electronic security system.

[1] Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone.
[2] Phone must support Phone Book Access Profile (PBAP). [3] Guidepoint subscriptions governed by Guidepoint, terms and conditions available at www.guidepointsystems.com (sign-in required).
Optional features subject to additional fees. [4] Check provincial and local laws on the use of remote starters.
